

How To Use.

Show Info Text Header Hint

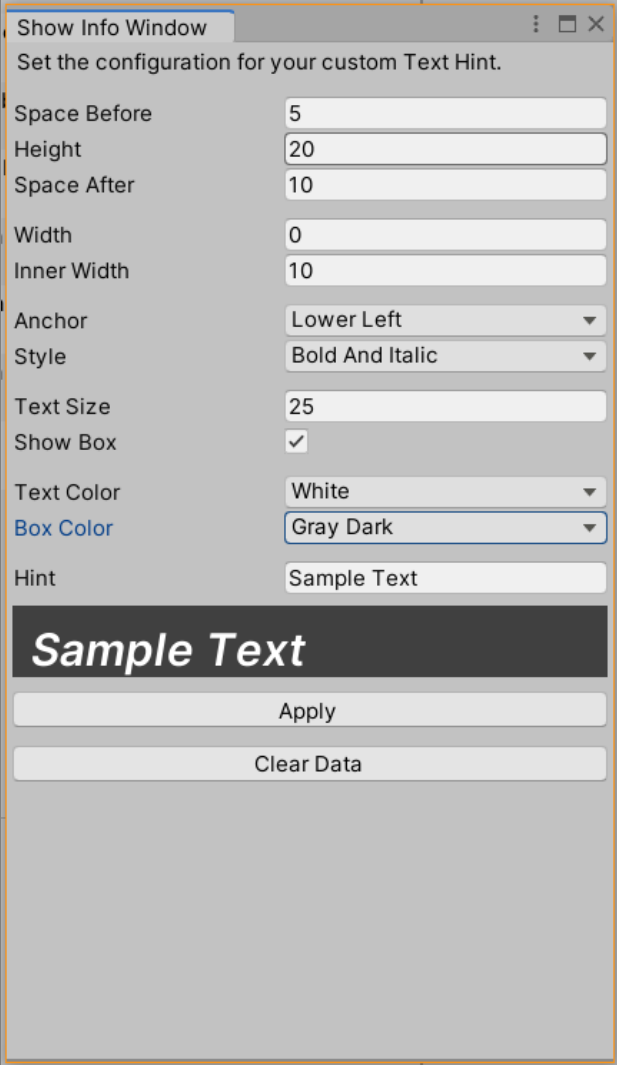

Write this line of code to add your hints.

Go to Window/Show Info Window To Configure The Hint.

Set your desired properties and click «Apply».

The image shows a 'Show Info Window' dialog box with a title bar containing a close button. The window is titled 'Show Info Window' and contains the instruction 'Set the configuration for your custom Text Hint.' Below this, there are several configuration options:

- Space Before: 5
- Height: 20
- Space After: 10
- Width: 0
- Inner Width: 10
- Anchor: Lower Left (dropdown menu)
- Style: Bold And Italic (dropdown menu)
- Text Size: 25
- Show Box: ☒
- Text Color: White (dropdown menu)
- Box Color: Gray Dark (dropdown menu)
- Hint: Sample Text

Below the configuration options, there is a preview area showing the text 'Sample Text' in a bold, italicized font. At the bottom of the window, there are two buttons: 'Apply' and 'Clear Data'.
